

CONTENTS

① User Guide

- General Information For Application
- Taping&Packing Specifications(chip Type)
- Taping&Packing Specifications(Radial Lead Type&Snap-in Terminal Type)
- Lead Forming&Cutting
- Talble Of Contents
- Seris Chart
- Explanation Of Part Numbers

② Product Specifications

- Specifications For Chip Type Conductive Polymer Aluminum Solid Electrolytic Capacitors
- Specifications For Radial Lead Type Conductive Polymer Aluminum Solid Electrolytic Capacitors
- Specifications For Chip Type Aluminum Electrolytic Capacitors
- Specifications For Radial Lead Type Aluminum Electrolytic Capacitors
- Specifications For Snap-in Terminal Type Aluminum Electrolytic Capacitors
- Specifications For Screw-Mount Type Aluminum Electrolytic Capacitors

Caution for safety

- To use ELCON product correctly and safety, please read 'General Information For Application' very carefully.
- Ther products are designed and manufactured chiefly for general electronic appliances. In case that you are going to apply them for medical equipment, aircraft, space equipment, or the same kind that requires high safety, you are required to confirm application through your own testing and owm judgment.
- All design and specifications in this catalogue are for reference only. If any about safety for your application,please contact us immediately for technical assistance befor purchase.
